

Wildlife Deterrents

Cayenne pepper

Repel® Granules –available at Amazon.com (doesn't always work but worth a try)

Hot Pepper Repellant Recipe

You need:

1. One chopped yellow onion
2. One chopped Jalapeno pepper
3. One tablespoon of Cayenne Pepper

Boil ingredients for 20 minutes in two quarts of water. Then let it cool and strain the mixture through cheesecloth. Apply this with a spray bottle. You must apply daily!

Mechanical Repellants

Scarecrow® by Contech – a motion-activated high pressure jet sprayer. It gets great reviews and comes highly recommended from many wildlife exclusionists. Available on Amazon.com

Electric Repellants

Install an electric fence on the tops of all the fences and on the bottoms if they can climb under. Fido-shock or Havahart brands are recommended. They can be found on Amazon.com.
