We Help Wildlife  
From Over 5,000 Square Miles  
Across Southern California

**Donate to CWC**  
To Support Our Life Saving Work

Have you ever wondered where our patients come from? We intake animals from across all of Los Angeles County and the southern aspect of Ventura County. Wildlife is sometimes even transferred to our facility from rehabilitation centers throughout the state. Most of the time we rely on caring members of the public (like you!) to transport found animals to our facility. We also have a network of dedicated volunteers who pick up and drive wildlife to CWC from animal control agencies across Los Angeles.

Below you will find the list of cities and neighborhoods where patients were found over the last year. The list is ranked from the most animals admitted to the fewest. If you live in any of these communities, consider making a tax-deductible donation so that we can continue our life saving work!

**Did you Know that we also have an Amazon Wish List?**  
Visit [cawildlife.org](http://cawildlife.org) to browse items that are greatly needed by our hospital and marine mammal staff
